

Nature's Studio 2018

A week long art camp for artistically talented & motivated students.

Highly motivated young art students will receive training and techniques in nature drawing, watercolor painting, acrylic painting on canvas and ceramics. Each year we will investigate different artists and techniques. Young artists will be encouraged to wonder about art and science in nature. Collaborative art activities may include creating an environmental structure, a fairy garden or creating buildings with tiny bricks.

Our art show will be held on the last day of camp at pick up time for parents and friends. You will receive an email newsletter with updates.

Nature's Studio is held at 3641 Wenwood Drive, Hilliard, Ohio 43026, in the Ridgewood subdivision. Space is limited to 10 students per week. **Half day and full day options now available!** Morning and afternoon snacks included. **All day campers need to pack a lunch.** *Snacks are fruit and vegetable based. To enroll your child in Nature's Studio, please download the following form, print and complete. Take a picture by phone and email to: drjlcross@gmail.com
